## BENEFITS WITH INNOVATIVE ELEVATOR

### ✓ WE SOLVE COMPLEX PROBLEMS EASILY

Are you looking for an elevator for a residential building? The IEI 6S1 is the right choice for you. The elevator is designed ingeniously, it is highly standardized and flexible to install. A thoroughly attractive solution.

### ✓ WE CREATE NEW SPACE

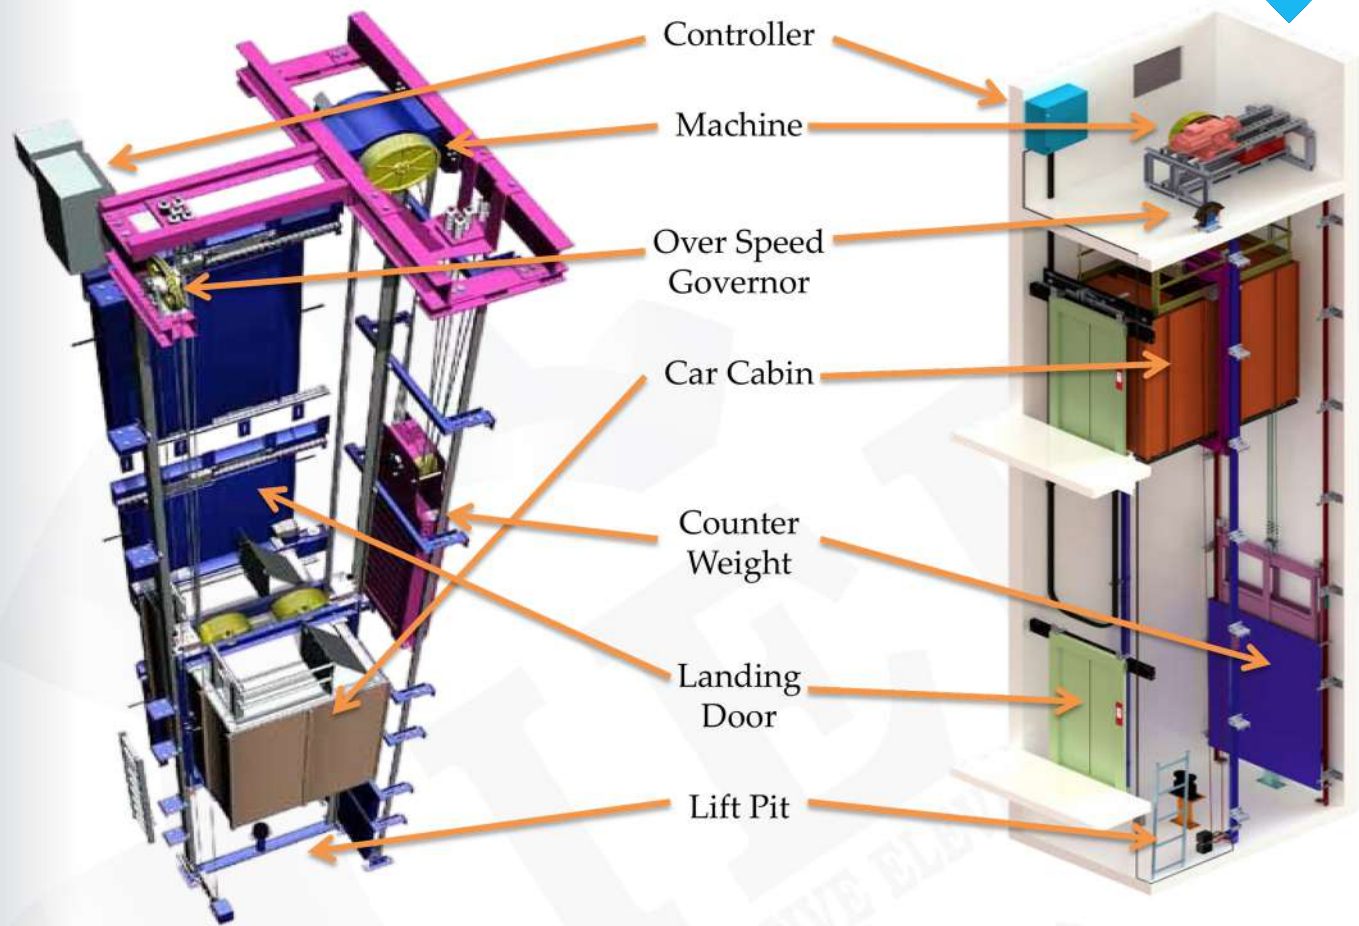

The car of the IEI 6S1 is spacious. We specifically designed the elevator to minimize the space required for the technical equipment. With the new technology, our latest development, standardized shafts are able to hold cars that are up to 25 cm wider and accommodate one or two passengers more than in conventional shafts. An improvement that carries weight.

### ✓ EXTRA ENERGY EFFICIENT ELEVATORS WITH VFD

The IEI 6S1 is environmentally friendly and economical in the use of energy, which contributes to lower operating expenses. The effects are noticeable.

## ARL 500 Panel

## ARCODE MRL Command Panel

## Automatic rescue Device

# ELEVATOR MAINTENANCE BY INNOVATIVE ELEVATOR

## ✓ PROTECTING YOUR INVESTMENT

- Innovative Elevator Pvt. Ltd. offers a rather unique service program for elevator equipment of all types.
- Our exclusive Proactive Maintenance program provides the most comprehensive care available for your equipment, no matter its age, condition, or manufacturer.

## ✓ EXTEND THE LIFE OF YOUR ELEVATOR

- Regularly-scheduled preventative maintenance visits provide the essential care that is vital to extend the useful life of your equipment.
- During these scheduled visits, your maintenance mechanic will lubricate all rotating equipment and other moving parts.

## ✓ MINIMIZE SERVICE INTERRUPTIONS

- During each visit, Innovative Elevator India inspects and tests critical components in order to determine any potential equipment failures. In anticipation of a component failure, we can order parts and schedule a repair in advance of a sudden shutdown to significantly reduce service interruption.
- Our maintenance goal is to give you every advantage possible in order for you to pass your next state inspection test.

## ✓ 24/7 LIVE CALL CENTER

- An essential part of our Proactive Maintenance program is our live call center, available for any emergency situation on a 24/7 basis.
- Through the Call Center, customers can speak directly with a courteous and professional representative who can schedule an immediate emergency service visit, or one during regular

## ✓ MAINTENANCE PACKAGES TO SUIT EVERY NEED

- Innovative Elevator India provides a variety of Proactive Maintenance packages to meet the equipment, usage, and budgetary needs of every building owner.
- From full, comprehensive coverage to just the basics, we can design a package that's a perfect fit for any building and it's maintenance budget.

## ✓ GET PROACTIVE

- Why wait for your next service problem to occur?
- Contact us today for complete details about our comprehensive Proactive Maintenance program.
